さてさて、岩手県盛岡市はすっかり秋らしくなってきました。朝晩は冷え込み、気温は既に一けた台です…。岩手大学キャンパス内の木々も赤や黄色に変化し始めました。落ちている落ち葉の色の美しさに目を奪われる毎日です。

もちろん、おいしい秋の味覚(秋刀魚、栗、梨…)も堪能しています。(by国際課山下)

【2. 卒業生向けイベント実施報告等】

☆「岩手大学同窓会連合」による『卒業生・修了生と学長との懇談会(第 11 回)』へ卒業留学生も参加

平成30年7月28日(土)に、東京の東京ガーデンパレスを会場として『卒業生・修了生と学長との懇談会(第 11 回)』が開催されました。

今回、初めて卒業留学生もこちらの懇談会にご参加いただきました。

懇談会では学長はじめ大学側から卒業生・修了生に対し、現在の大学の取組状況等を紹介し、意見交換を実施。その後、懇親交流会にて、幅広い年代の同窓生が親睦を深めました。参加いただいた3名の卒業留学生の皆さんも、学生時代にお世話になった恩師との再会や、新たな出会いもあったようで、とても楽しまれていました。最後には、参加者全員で「学生歌」を合唱！まるで会場の参加者全員が学生時代に戻ったかのようなひとときでした。

同窓懇談会は、毎年開催されています。来年度も開催(来年度は10月に開催予定)

しますので、都合のつく方はぜひご参加いただければと思います。
(国際課のスタッフももちろん参加し、サポートします！)

☆10月初旬、カンボジア・プノンペンでの留学フェアに岩手大学としては初めて参加することになり、岩手大学副学長の上村松生先生、連合農学研究科長の比屋根先生等が訪れました。カンボジア出身の卒業留学生は少ないのですが、その中のお二人とお会いすることができました。

まず初めに、連合農学研究科の卒業生であるmom・amnotさんです。momさんは現在、カンボジア農林水産省の副大臣級ポストに就かれています。またもう御一方は、pen・buntounさんです。penさんも連合農学研究科(帯広畜産大学配属)の卒業生で、現在お住まいのshelim upからわざわざプノンペンまでお越しいただきました。お二人とも、農業の分野で大活躍中のようです。

同窓生のご活躍をお聞きし、また実際に現地にてお会いできることは岩手大学教職員にとって大変喜ばしいことです。

今後も、岩手大学の訪問団が海外を訪れる際は、同窓生の皆様にもお会いできる機会を作っていければと思っています。

vol.2 Gandai's Sakkora News vol. 2

Editor: Iwate University International Office

Gandai's Sakkora News is an email newsletter made for Iwate Alumni to let you know about events directed towards you, as well as the state of affairs here at Iwate University.

Table of Contents:

1. Graduate's Association Subdivision Founding
2. Alumni Focused Events Implementation
3. Future Events
4. Mini Column (Garden Party, Summer Vacation Activities)

International alumni of Iwate University, it's been a while!

At this time, we would like to thank you very much for registering your contact information.

We are very pleased that we will be able to once again have a connection with everyone in the Iwate University International Office.

Now, where to begin? Morioka, as well as Iwate prefecture, has entered the fall season. Mornings and evenings have gotten colder; the temperature has already entered the single digits... The trees on campus have also begun to change into lovely red and yellow colors. You can't go a single day without taking in the beauty of the fallen leaves.

Of course, fall also brings with it a seasonal palette (Sanma, Kuri, Nashi, etc.) for you to enjoy! (by Int. Office's Yamashita)

In the blink of an eye, the seasons make their rounds; time passes so quickly, doesn't it? With that said, here is what has happened at Iwate University, from early summer to

present!

Everyone, please enjoy!!

【1. Graduate's Association Subdivision Founding】

In 2018, we finally started creating Graduate Association subdivisions in each country! When the Graduate's Association confirms a division application, Iwate University sends a commemorative plaque for the new office. So far, we have established 4 divisions, and at every location we were able to award one of these commemorative plaques. Please read the following report for more details!

☆Foreign Study Abroad Graduate Association: Mongolia Branch, Xi'an Branch, Changchun Branch

<https://iuic.iwate-u.ac.jp/cgi-bin/news.cgi?f1=1537427557&f2=staff>

While University President Iwabuchi was visiting partnership schools in Mongolia and China, he presented official establishment plaques to the representatives of the Mongolia, Xi'an, and Changchun branches. On September 4th at Mongolian University of Science and Technology, a plaque was presented to Branch Representative Gunjee Zorig (Mongolian University specially-appointed Professor) and a celebration was held with graduates residing in Mongolia. At the celebration, students from the Science and Engineering department, students enrolled in the United Graduate School of Agricultural Sciences, and participants of the Sakura Science Program gave reports on their research and current projects. You could really feel the effort the graduates have put into their research.

Also, on September 5th, representatives from the National University of Mongolia, Northwest Agriculture and Forestry University, and Iwate University attended a research symposium in Ulaanbaatar. There, guests Mr. Zhang Zhiyi (Northwest A&F University Professor) and Mr. Wang Zepeng (Northwest A&F University Lecturer) were presented with the Xi'an division commemorative plaque. Representative Mr. Zhang Zhiyi stated that apart from 7 Iwate graduates working at Northwest A&F University, there are currently many students studying abroad at Iwate University. Because of this, he expressed that he would like to strengthen the graduate network between the two schools and is greatly anticipating upcoming initiatives from the newly founded division.

After concluding the visit at our Mongolian partnership school, President Iwabuchi presented Jilin University representative Mr. Zhao Lanpo with a commemorative plaque at the university's 70th anniversary ceremony. On that day, President Iwabuchi was introduced to 12 graduates and their families during the festivities. Of these graduates, some were currently working for the Jilin Academy of Agricultural Sciences, while others were working in positions within the Agriculture department and Jilin University. Others were working at Guangxi Normal University, visiting Changchun for the 70th anniversary ceremony. President Iwabuchi, as well as teachers and staff from our Agricultural department, shared stories and fond memories with the graduates, which made the night itself a fond memory for everyone.

On this trip, the Mongolia, Xi'an, and Changchun branches were officially established. The team from Iwate University that visited the respective universities were lucky to be able to experience first hand the great effort all of the graduates put into their work each day, and we believe that it will be a major driving force in the future development of our university, and greatly influence our thinking going forward.

☆Iwate University Alumni Association of Thailand

In August, Global Education Center Associate Prof. Hirai, Department of Science and Engineering Associate Prof. Daibou, and Ms. Koshida of the International Office attended the Study Abroad Fair in Bangkok, Thailand. At the event, they presented Mr. Narongsak Pitchayapisut, an Iwate University alumni, with the commemorative plaque for the new Thailand branch office. Mr. Narongsak, as well as fellow alumni Mr. Saenyot Khanuengchat were kind enough to help the Iwate University PR booth during the fair. Ms. Koshida had this to say about the two alumni:

“Those two were so helpful! They took it upon themselves to explain Iwate University to those attending with such zeal and enthusiasm. I am truly grateful for the ability and effort of those alumni”.

While we were not able to hold a celebratory event for the establishment of the Thailand branch, we definitely want to if given another opportunity.

☆People Thinking of Establishing a Branch

An application must be submitted in order to establish a branch. So please, send information to Iwate University's International Office if you want to get involved. We

will be waiting!

【2. Alumni Focused Events Implementation】

☆ From Iwate University's United Graduate's Association: Study Abroad Graduate Participation in 11th "Graduate・Alumni Banquet with the President"

On Sunday July 28th, 2018, the 11th annual "Graduate・Alumni Banquet with the President" was held at the Tokyo Garden Palace Hall in Tokyo. This was the first time international graduates were graciously invited to participate in the festivities. At the event, starting with the President, various reports about the university's current initiatives were given to the alumni and graduates, and they further exchanged opinions about the initiatives. After that, everyone from a wide range of generations came together to deepen their friendships with each other. 3 of the participating international graduates were even able to reunite with their old professors. To end the wonderful night, everyone sang the university anthem together! It was as if in that moment, everyone was taken back to the time when they were a student.

The Graduate Banquet is held every year, and it will be held in October in next year, so if circumstances permit, please think about attending. (The International Office staff also participates in and supports the event!)

☆In early October, Iwate University participated for the first time in the Phnom Penh Study Abroad Fair in Cambodia. Iwate University Vice President Uemura Matsuo and Head of the United Graduate School of Agricultural Sciences, Professor Hiyane Akira, and others attended the fair. Cambodian study abroad students are rare; however, our attendees were able to meet 2 Iwate graduates.

The first was Mr. MAM, Amnot, a graduate from the United Graduate School of Agricultural Sciences. Mr. Amnot is currently working as Vice Minister of the Cambodian Ministry of Forests, Agriculture, and Fishery. The other was Mr. PEN Bunthoeun. Mr. Bunthoeun is also a graduate of the United Graduate School of Agricultural Sciences, as part of the Obihiro University of Agriculture and Veterinary Medicine Program, and made the trip to Phnom Penh from his home in Siem Reap. Both of them work and utilize their abilities in the Agricultural field every day.

We here at Iwate University deeply enjoy hearing about the lives and activities of our

graduates, even more so if we are able to meet in person. We hope that in the future, when our team visits your country, they are able to meet with you and hear your story.

【3. Future Events】

☆Plans to visit Japanese School in Malaysia

In early December, we have plans to visit Pusat Bahasa Teikyo in Malaysia. Malaysia residents, you will certainly join in, yes? Anyone that has an interest in participating, please get in touch with the Iwate University International Office.

☆Iwate University 70th Anniversary

Next year will be Iwate University's 70th anniversary, and we plan to hold various different ceremonies. In November, we plan to hold an International Symposium, and at the same time, we aim to found more Study Abroad Graduate Association branches!! Please stay tuned for more information about Iwate University's 70th anniversary in future editions of this newsletter.♪

The Ihatov Foundation has also started accepting for the “Iwate University 70th Anniversary Commemoration Project Fund”
